Target of cement production

*19. SHRI SURESH PACHOURI: Will the Minister of INDUSTRY be pleased to state:

(a) whether Government have fixed the target of cement production during the current financial year;

(b) if so, to what extent the cement target set for 1988-89 has been achieved;

(c) what is the target set for 1989-90;

(d) whether the target fixed for the seventh Plan period has been fully achieved; and

(e) if so, what are the details thereof?

THE MINISTER OF INDUSTRY (SHRI J. VENGAL RAO): (a) and (b) Against the target of 43·50 million tonnes of cement production fixed for 1988-89, the production achieved during the period was 44 million tonnes (provisional). This is about 101% of the target.

(c) After detailed discussion with the cement industry, the target set for 1989-90 is 49 million tonnes of cement production.

(d) and (e) as per the seventh Plan document, the target of production of cement for the terminal year (1989-90) is 49 million tonnes, It is likely to be achieved. The expected production will be as under:

(In million tonnes)

(i) Large cement plants:		
Public sector	6·55	
Private sector	39·95	46.50
(ii) Mini cement plants		2 50
TOTAL		49·00

Hydro-electric project at Sivasamudram

*20. SHRI M. S. GURUPADASWAMY: Will the Minister of ENERGY be pleased to state:

(a) whether it is a fact that the Government of Karnataka has submitted a project report to start an updated hydro-electric project of 270 MW at Sivasamudram;

(b) whether it is also fact that clearance has not been given to this project by the Central Electricity Authority so far; and

(c) if so, by when it is likely to be given ?

THE MINISTER OF STATE IN THE DEPARTMENT OF POWER IN THE MINISTRY OF ENERGY (SHRI KALPNATH RAI): (a) to (c) The Project Report on Sivasamudram Seasonal Power Scheme (2x135 MW), located in Mysore district of Karnataka, was received in the Central Electricity Authority (CEA) in October, 1987. It was examined in the CEA and was returned along with comments on technical aspects to Karnataka Power Corporation Limited in October, 1988 for re-submission after
